REPORT OF LIBRARY TRUSTEES

During the past year 121 new books have been added to the library and of this number 99 were fiction. The library now contains about 3300 volumes of which about 2100 are fiction. The reading room has been supplied with the same periodicals as last year. The original wood burning furnace which had been in use for 25 years was discarded and a new oil heater installed. It is believed that this will provide us with a more convenient, efficient and economical heating system.

The expenses for the past year were as follows:

Salary of Librarian	$150.00	
New Books	181.32	
Magazines	10.00	
Fuel	8.80	
Lighting	12.12	
Janitor Service	14.25	
Care of Library and Grounds	15.30	
New Heating Plant	365.00	
Miscellaneous	9.51	
		$766.30

We estimate the expenses for the coming year as follows:

Salary of Librarian	$150.00	
New Books	200.00	
Magazines	15.00	
Fuel and Lighting	50.00	
Repairs and Miscellaneous	85.00	
		$500.00

We therefore recommend that this amount of $500.00 be appropriated.

MARGARET B. SEAVEY,
FRED L. DOW,
EDWARD M. SMITH, Trustees.

SCHOOL REPORT

SUPERINTENDENT'S REPORT

To the School Board of North Hampton:

I, herewith, submit to you my third annual report as Superintendent of your schools.

During the year 1932 a series of standardized tests was given to the school children of North Hampton and the results carefully tabulated. These results show the pupils to be properly graded and to be a more uniform group than the law of averages would expect. Whereas, the percent of retarded pupils is normally twenty we find in the grades, excluding the Junior High School, a retardation of but eight percent. The Normal group is very large with a rating of eighty percent and the accelerated group twelve percent. Such uniformity of grading assures a uniform rate of progress and therefore more successful results. The Junior High group showed a retardation of sixteen percent with seventy-one percent normal and thirteen percent accelerated.

We believe reading to be the basis of progress in all other subjects and that a poor reader is a poor scholar. North Hampton schools are particularly proud of the reading in their lower grades—in fact one of our third grades is reading a fourth reader in January of the current year. The interesting manner in which first grade reading is taught seems to be largely responsible for the improvement in this work.

The efficiency of a school is often judged, justly or un-

justly by the progress of its graduates in secondary schools. The ranks of your graduates are sent to the Superintendent's office regularly. In this way we are enabled to keep a careful check upon them, to ascertain the relative strength of our courses and to make such readjustments as may seem necessary.

Portsmouth High School reports seven of our pupils as entering this year. Of the seventy ranks thus recorded during the first term but five were failing ranks, with none of these five more than five points below passing grade.

Hampton High School entered five of our pupils during the fall term. These five pupils have received a total of seventy ranks with but two of these failures.

The work of Mrs. Dolbec, our school nurse, is proving to be very satisfactory. She is always watchful of the health of our children and has given generously of her time for home calls and follow-up work. During periods of financial stress occasionally people will adopt measures of economy which may prove injurious to health. For this reason, I believe, we must take every precaution that our children's health is carefully guarded at this particular time. The value of the school nurse to our children cannot be estimated in terms of money.

As the hours of labor grow shorter and people have more time free from work, training for a worthy and pleasurable use of leisure time becomes an increasingly important objective of education. One of the most important means to this end is instruction in Music. This department is a strong one in North Hampton. Our children are enjoying their music, both as singing and as orchestra work.

The attendance record of North Hampton is again high, one reason for continued success of our pupils.

I wish again to express my appreciation to you, as a board, for kindly advice and help always rendered in my duties.

Respectfully yours,

ROY W. GILLMORE,

Superintendent of Schools.

February 1, 1933.
